

EOI: UPCOMING PACIFIC BASED PROJECT MANAGER POSITIONS

Position: Project Manager

Location: Pacific Region (PNG, Kiribati, Fiji, Solomon Islands, Tonga)

Who we are:

Reeves Envico is a group of specialist infrastructure contractors with over 30 years' experience throughout Australia and the Asia Pacific region. Delivering projects in civil works infrastructure and construction management in sectors such as water and sewerage, environment, public works, commercial, heritage, and residential. Through our two companies - CCB Envico and Reeves International - we have successfully completed over 150 major projects in Australia and throughout the Asia Pacific, predominantly working with Water Authorities, Federal, State and Local Government, Pacific Region Government Departments.

What are we looking for?

A proactive and self-motivated Project Manager to:

- Management of all contracts to successfully achieve budget, financial, time, quality and safety outcomes
- Ensure that the Reeves and CCB Envico standard practices and procedures are followed for all projects under direct management responsibility
- Ensure client and consultant relationships are managed in a professional manner at all times.

We have an opportunity:

- To work in some amazing locations in regional Victoria, NSW and the Pacific Region
- For an experienced Site Manager to go global
- In an expanding construction company with a great pipeline and team culture.
- For exposure to a diverse range of projects.
- In a respected company, with flexible working options available

Why work for us?

- Help us build successful community infrastructure projects in Australia and developing Countries, that make a difference to people's lives.
- As an equal opportunity employer, we value and promote gender and cultural diversity, and strongly encourage applications from Women and Aboriginal and Torres Strait Islander people.
- Our employees are valued, appreciated and recognised.

What you will have:

- Tertiary qualified in either a building or engineering discipline. Alternatively, extensive relevant experience.
- Minimum 10 years experience in a Project Management role that have provided experience in all aspects of project delivery.
- Solid exposure to project financial management. Proficient using a committed cost control software.
- Ability to manage all aspects of project delivery including: Profitability; Programme; Safety; Quality and Environmental
- Ability to work sensitively in a complex cross cultural operating environment.
- Sound working knowledge of MS Office, incl MS Project and Procore exp welcome.
- Ability to manage the risk aspects of contracts including the ability to protect the company's contractual position with appropriately written correspondence.
- Demonstrated team play and strong interpersonal skills.
