

## EOI: UPCOMING SITE MANAGER POSITIONS

**Position:** Site Manager - Civil Water & Wastewater

**Location:** Regional Victoria, NSW and Pacific Region

### Who we are:

Reeves Envico is a group of specialist infrastructure contractors with over 30 years' experience throughout Australia and the Asia Pacific region. Delivering projects in civil works infrastructure and construction management in sectors such as water and sewerage, environment, public works, commercial, heritage, and residential. Through our two companies - CCB Envico and Reeves International - we have successfully completed over 150 major projects in Australia and throughout the Asia Pacific, predominantly working with Water Authorities, Federal, State and Local Government, Pacific Region Government Departments.

### What are we looking for?

We require a proactive and self-motivated Site Manager to play a key role in achieving the company's 2022 project delivery objectives, specifically in meeting construction programmes and ensuring safety and quality compliance standards are always maintained. By providing strong leadership and clear communication to the site team, they ensure all day to day on site activities are well organised, including the coordination of construction workers and subcontractors, and effective client and stakeholder liaison is maintained.

### We have an opportunity:

- To work in some amazing locations in regional Victoria, NSW and the Pacific Region
- For an experienced Site Manager to go global
- In an expanding construction company with a great pipeline and team culture.
- For exposure to a diverse range of projects.
- In a respected company, with flexible working options available

### Why work for us?

- Help us build successful community infrastructure projects in Australia and developing Countries, that make a difference to people's lives.
- As an equal opportunity employer, we value and promote gender and cultural diversity, and strongly encourage applications from Women and Aboriginal and Torres Strait Islander people.
- Our employees are valued, appreciated and recognised.

### What you will have:

- Trade Certificate or equivalent with minimum of 10 years' experience as Site Manager
- Diligent and professional in the pursuit of their job and project outcomes.
- Understanding of WHS and Environment standards
- Communicative with all project stakeholders – oral and written
- Good organiser and planner
- Decision maker and Problem solver
- Lead, Coach, mentor, build and motivate teams. You will be a role model and one who leads by example.
- Ability to work sensitively in a complex cross-cultural operating environment.
- Good literacy, with a sound working knowledge of MS Office applications, including MS Project.
